Subject – Jul 160-36-1

With reference to para 3 of G O No L 4691-7/Ml 154-35-5 dated the 18th December 1935 directing that the Deputy Commissioner, Bangalore District, will be responsible for the enforcement of the conditions of license regarding the grant of play grounds in the Sampige tank bed situated in Bangalore City, I have the honour to state that no special staff is sanctioned to look after the tank bed and to watch whether any of the conditions of the license has been violated or whether any club has conducted any tournament etc

As considerable improvements have to be effected in the tank bed and slopes of the tank at an estimated cost of Rs 4,400/- which are being taken up by the Public Works Department, the Executive Engineer, Buildings Division was requested to furnish his opinion as to whether it would not be desirable to transfer the control over the said tank bed from the Revenue to the Public Works Department to which he has replied in the affirmative

Copies of this office letter No C2-2498/35-36 dated 20th April 1937 to the Executive Engineer and his reply communicated with his memo No 2440 dated 6-5-1937 are enclosed for reference

In these circumstances, I request you to kindly obtain orders of Government to transfer the control

over the Sampige Tank bed from the Revenue Department to the Public Works Department (Building Division Bangalore)

-- oOo --

With reference to para 2 of your letter No 1806/1 dated the 23rd February 1937, intimating that the bed of the Sampige Tank which was till now in charge of the Municipality has been taken over by the Public Works Department etc , I have the honour to state that from the letter No L 295 dated 13-7-1935 from the Chief Secretary to Government to the Municipal Commissioner, Bangalore City, it is seen that Government reserved the right of disposing of the Sampige Tank to themselves In Government Order No L 4691-7/M1 154-35-5 dated 18-12-35, Government while allotting the tank bed to the several sports associations directed that the Deputy Commissioner will be responsible for enforcement of the conditions No special staff is sanctioned to look after the tank bed to watch whether any of the conditions of the license has been violated or whether any club has conducted any tournament etc , and it is very difficult for the revenue officers to attend to this work

As considerable improvements have to be effected in the tank bed and slopes of the tank as seen from your letter, it seems to me that it would be desirable if your took over the control and management of the tank bed area and regulate the disposal of the sports fields and enforce the conditions of grant In these circumstances, I request you to kindly let me know your views so that Government may be approached to order the transfer of the control over the tank bed from the Revenue Department to the Public Works Department (Bangalore Buildings Division)
